Reading Comprehension: Choose the item which best describes the meaning of the following passage.
10%

Cotton was not the nation's only agribusiness before the Civil War. The tobacco, rice, sugar, livetock, lumbering, and wheat industries accounted for more dollar income than cotton, but not one of them alone before 1860, or even 1900, approached the dollar value of cotton. Each of these commodities involved hundrens of middlemen for every single producer, creating an intricated web of trade and commerce that stretched across North American to Europe. The cotton plantation employing slave lobar marked only the first stage in the business of producing, marketing, and distributing cotton products.
